

Sinenhlanhla Pearl Magubane

Full-Stack Web Developer

PERSONAL STATEMENT

My experience in the fast-paced tech industry as a web development student has prepared me to meet both fixed and flexible deadlines. Furthermore, it has taught me the value of teamwork and the ability to seek out information. Working in an innovative environment and with teams who specialize in developing systems will be a great experience for me.

PERSONALITY

Honesty is one of my virtues and I enjoy challenging myself to continuously improve. I take criticism as a form of guidance and as an opportunity to learn from my mistakes. Hiking, practicing yoga, and watching cartoons are some of my favorite past times outside of the work environment.

SKILLS

The projects that I have worked on using the above-listed skills can be found on my [git-hub page](#)
